or atta must accor well a respo not ki	paper must have its own certificate and the "Express Mail" label number as a part thereof ached thereto. When, as here, the certification is presented on a separate sheet, that shee (1) be signed and (2) fully identify and be securely attached to the paper or fee it apparies. Identification should include the serial number and filing date of the application as the type of paper being filed, e.g. complete application, specification and drawings, anses to rejection or refusal, notice of appeal, etc. If the serial number of the application is nown, the identification should include at least the name of the inventor(s) and the title of vention.
Note: The I page trans label drawi	vention. abel number need not be placed on each page. It should, however, be placed on the first of each separate document, such as, a new application, amendment, assignment, and nittal letter for a fee, along with the certificate of mailing by "Express Mail". Although the number may be on checks, such a practice is not required. In order not to deface formal ngs it is suggested that the label number be placed on the back of each formal drawing or rawings be accompanied by a set of informal drawings on which the label number is placed
